

2012 Call for Presentations Learner Objectives Form

Continuing Education: (THCA/TNCAL will apply to the appropriate organizations/agencies for continuing education credit – NAB/NCERS, NCCAP, DMA, CDR, and TPTA).

1. Proposed title of program?

2. Learner Objectives	Content/Topic Outline	Time Frame	Presenter	Teaching Strategies
<i>Each objective must begin with one of the following words: describe, list, explain, identify, compare, interpret, examine, design or evaluate.</i>	<i>Provide an outline of the content/topic to be presented for each learner objective. Each objective must have a directly-related content/topic outline that is more than a restatement of the objective.</i>	<i>Provide a time frame for each objective and its related content.</i>	<i>List the proposed presenter for each topic.</i>	<i>List teaching strategies (lecture, PowerPoint, handouts, etc.) that are congruent with each objective and its related content.</i>
Write one simple sentence that clearly states an objective of this proposed presentation.	Create a bulleted outline of three main points that will teach your audience about this objective.			
Write one simple sentence that clearly states an objective of this proposed presentation.	Create a bulleted outline of three main points that will teach your audience about this objective.			
Write one simple sentence that clearly states an objective of this proposed presentation.	Create a bulleted outline of three main points that will teach your audience about this objective.			

3. Presentation Description: *(Please include a description, approximately 75 words in length, which could be used to market your proposed presentation to targeted audiences).*

Speakers with PowerPoint presentations must provide their own laptops and should bring their own LCD, if they have one available.
