

Nursing Home Provider Assessment

Issue

The nursing home provider assessment generates funds to support the TennCare nursing home budget and is set to expire June 30, 2024. The Nursing Home Bed Assessment has been utilized to fund nursing home care for Tennessee's frail, elderly residents since 1990. Nursing homes provide one-third of their own funding through this assessment and associated federal matching funds.

- All licensed nursing homes pay the assessment.
- This is a voluntary assessment! The THCA Board of Directors votes to continue the assessment prior to passing a bill. THCA requests renewal via legislation every year.
- This assessment is NOT passed on to the resident.

Please continue to support our annual bed assessment!
