

## **PLEASE THANK YOUR LEGISLATORS FOR SUPPORTING THCA'S LEGISLATIVE AGENDA IN 2023.**

**Thank you for supporting your nursing facilities during this legislative session. We are grateful for the legislation and budgetary increases passed this session, including:**

- **Renewal of bed assessment through June 30, 2024. The assessment provided increased revenue to support our rates.**
- **Supplemental funding in the budget to help facilities with continued financial issues keeping up with inflated salaries and cost of goods.**
- **Passage of our Staffing Agency bill to help assure that these agencies send competent, safe staff to care for our residents. Some of these agencies are providing poor staff and charging hyperinflated prices for labor.**
